

How to access learning while the school is closed

Every day (by 9am) teachers will post work to be completed on the school website.

You will find this by choosing 'Learning', 'Class Pages' and then the name of the class e.g. 'Stars and Moon'.

Then open the document for that day.

The work should be completed in Home / School learning books and the presentation and high standards at school should be expected at home.

EYFS

Monday	Tuesday	Wednesday	Thursday	Friday
A maths task	A maths task	A maths task	A maths task	A maths task

A spelling task	A spelling task	A spelling task	A spelling task	A spelling task
RE focus task	Learn and Explore activity	RE focus task	Learn and Explore activity	P4C focus task

Children may need to access lgfl to watch some videos for their learning. They have a username and password for this at the back of their Home Learning books. To access this please go to: <https://my.uso.im/> and select Easy Login then put in the details found at the back of the book. The password is always 1234. If your child's username isn't recorded on the label at the back of the book then please email the office and we will send this to you.

Children could use some of the following sites to access other learning opportunities:

www.oxfordowl.co.uk	www.phonicsplay.co.uk
https://whiterosemaths.com/	www.busythings.lgfl.net
www.starfall.com	www.purplemash.lgfl.net

There are extra worksheets in your child's pack if you would like them to complete extra activities.

Please also have a look at our suggested daily timetable for children in Nursery and Reception too as we appreciate it's an especially long day for them when they're stuck inside.

If you have any queries for the teacher during this time then please email the school office and we will do our best to get back to you.
