

Pluto Class

Friday 17th July 2020

Dear Pluto class,

I just wanted to take this opportunity, as this is now the last ever home learning page I will write for you, to thank you all for being the most amazing year 6 class. I was nervous starting year 6 - as you all know it was my first year but you all made it such a delightful and enjoyable experience and I can't thank-you enough for that. I will carry many memories from this year and will never forget you all!

I will miss every single one of you and am so proud of the way you worked this year and the way you handled the COVID situation. I know the end of this year was not what we expected it to be but I really hope Wednesday's festival was the next best thing for you all. I had a great day and loved being able to say goodbye to you all properly.

You are all a credit to your families and your new schools are SO lucky to have you! Make sure you all work hard and make lots of new friends and always remember you are part of St John's family. Please do come back and visit us, we will all miss you so much!

Parents, I would also like to thank-you for all of your support throughout the year. You made my job much easier with all your kind words and support that you have offered the entire year. Your children are a credit to you and I have thoroughly loved watching them grow into mature young adults - you should all be so proud of them. I will miss seeing you all every day. Thank-you again!

Miss Daniels x
